#### A Practically Perfect Preparation.

VEARS of experience have enabled Mr. Fletcher to make Castoria a practically perfect preparation. These years of labor: the amount of money required to introduce its merits to the public: the investment in its manufacture, including the most modern machinery, mean a vast amount of invested capital. It follows that the greatest care is exercised in the selection of each ingredient, and the greatest attention is paid to every detail of its preparation. The result is the practically perfect preparation in the finished product; Fletcher's Castoria.

Herein lies the guarantee of the absolute safety in the use of Fletcher's Castoria for the baby, and the warning against irresponsible makers of imitations and counterfolts. The signature of Chas. H. Fletcher that is printed in black on the wrapper and red on the bottle is the mother's safeguard.

## Children Cry For

#### **Extracts from Letters by Grateful** Parents to Chas. H. Fletcher.

Mrs. John W. Derrick, of Lexington, S. C., says: "My children cry for Castoria, I could not do without it."

Mr. and Mrs. J. A. Gaines, of Ripley, Tenn., say: "We enclose our baby's picture hoping it will induce some poor tired mothers to give your Castoria a trial. We have used it since baby was two weeks old."

Mrs. J. G. Parman, of Nashville, Tenn., says: "The perfect health of my baby is due to your Castoria—the first and only medicine he has taken. He is never estisfied with one dose, he always cries for more."

Mr. and Mrs. A. L. Johnson, of Stevens Point, Wis., say: "When our baby was two weeks old he cried so much we did everything for him, then got some Castoria and he is now strong and fat. We would not be without it, and are very thankful to you."
